Training Requirements for Extended Warranty Program

Draka offers customers a wide variety of options when seeking training or certification for Draka fiber optic cable products. The table below provides a quick reference of Draka approved training centers across North America. A requirement of the Draka Extended Warranty Program is for the installer to have completed or be registered as a certified installer by Draka. This table may be updated as needed and the latest version can be viewed at www.drakacomteq.us/training_certification.cfm

Training Center	Point of Contact	Required Course	Approx Fee	Course Duration	Location
The Light Brigade www.lightbrigade.com	Pam Wooten 206-575-0404	Fiber Optics 1-2-3 (4 day course) or Advanced Modules 1-5, or FTTX for Planners	\$1500	4-5 days	Offered 125+ times each year nationally
